

IBIZA PROPERTY MANAGEMENT

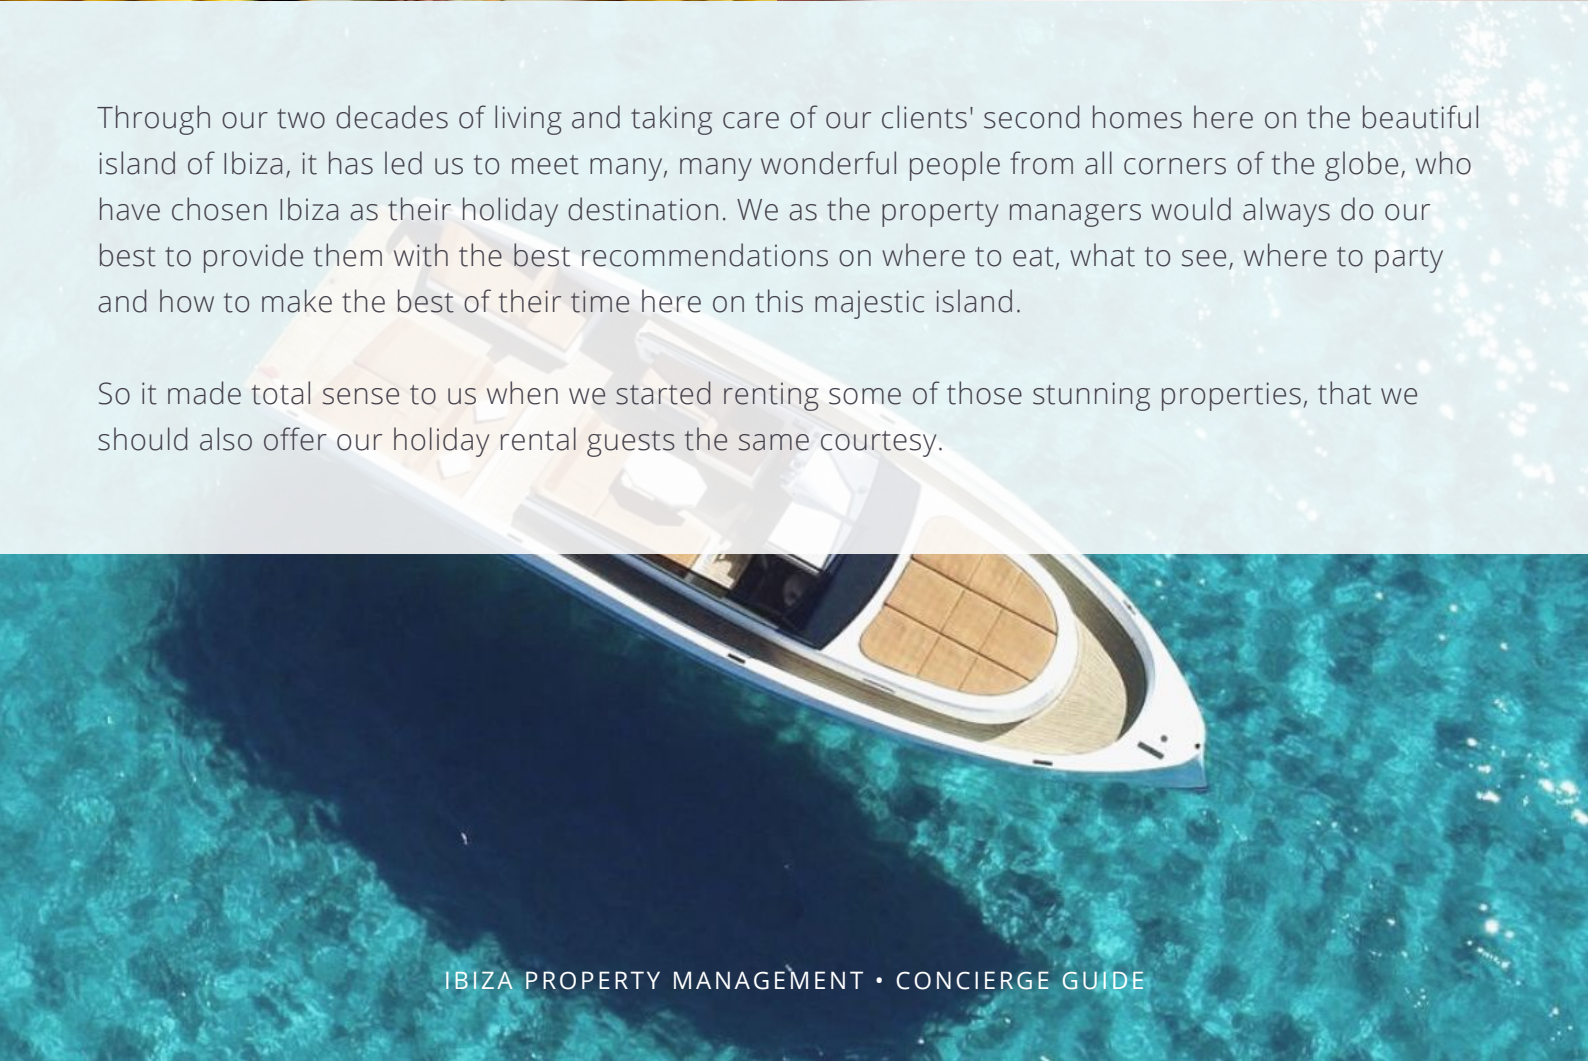

CONCIERGE GUIDE

Through our two decades of living and taking care of our clients' second homes here on the beautiful island of Ibiza, it has led us to meet many, many wonderful people from all corners of the globe, who have chosen Ibiza as their holiday destination. We as the property managers would always do our best to provide them with the best recommendations on where to eat, what to see, where to party and how to make the best of their time here on this majestic island.

So it made total sense to us when we started renting some of those stunning properties, that we should also offer our holiday rental guests the same courtesy.

We decided to offer this as an add on service when you book a villa with us and over the last five years have been developing and widening our contacts and preferred services on the island (and having lots of fun doing it!) so we can provide you with the best of the best here in Ibiza! All tried and trusted and great value.

Maybe you are a large group of friends who have rented a fab villa, and want to hire an amazing yacht for the day to visit ibiza's sister island of Formentera...or have a catered BBQ at the villa with a mixologist creating some bespoke cocktails., whilst enjoying a pool party with a DJ and even some entertainment... then we can certainly help you put all that in place.

Or maybe you're a family of five, on their summer holiday who wants to book fun things for the family to enjoy together, a family friendly beach club or restaurant...or you're a beloved couple wanting to come to Ibiza to get married and have a much larger event to put together. We can help you with everything!
